VOTING OF SHARES - ADVICE TO BENEFICIAL HOLDERS OF SECURITIES

The information set forth in this section is of significant importance to many Shareholders as a substantial number of the Shareholders hold their Shares through intermediaries such as brokers and their agents or nominees and not in their own name. Shareholders who do not hold their Shares in their own name (referred to in this Information Circular as “**Beneficial Shareholders**”) should note that only proxies deposited by Shareholders whose names appear on the records of the Corporation as the registered holders of the Shares can be recognized and acted upon at the Meeting. If Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those Shares will not be registered under the name of the Shareholder on the records of the Corporation. Such Shares will more likely be registered under the name of the Shareholder's broker or an agent or nominee of that broker. Shares held by brokers or their agents or nominees can only be voted for, or withheld from voting, or voted against any resolution upon the instructions of the Beneficial Shareholder. Without specific instructions, brokers their agents or nominees are prohibited from voting Shares for their clients.

Applicable regulatory policy requires intermediaries and brokers to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Every intermediary and broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that their Shares are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its broker (or agent or nominee thereof) is identical to the form of the proxy provided to registered Shareholders; however, its purpose is limited to instructing the registered Shareholder how to vote on behalf of the Beneficial Shareholder. **A Beneficial Shareholder receiving a proxy from an intermediary cannot use that proxy to vote Shares directly at the Meeting, rather the proxy must be returned to the intermediary well in advance of the Meeting in order to have the Shares voted. A Beneficial Shareholder may however request the intermediary to appoint the Beneficial Shareholder as a nominee of it as a proxyholder. A Beneficial Shareholder should contact the intermediary, broker or agents and nominees thereof, should it have any questions respecting the voting of the Shares.**

This Information Circular and related proxy materials are being sent to both registered and Beneficial Shareholders. The Corporation does not send proxy-related materials directly to Beneficial Shareholders and is not relying on the notice-and-access provisions of securities laws for delivery to either registered or Beneficial Shareholders. The Corporation has elected to pay for the delivery of its proxy-related materials to objecting Beneficial Shareholders.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

Other than disclosed herein, management of the Corporation is not aware of any material interest, whether direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting, of any Director or executive officer of the Corporation who has held that position at any time since the beginning of the Corporation's last financial year, or of any proposed nominee for election as Director of the Corporation or any associate or affiliate of any of the foregoing, other than the election of Directors or the appointment of auditors as disclosed in the section entitled “Particulars of Matters to be Acted Upon”.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The Corporation is authorized to issue an unlimited number of Shares. As of September 8, 2020, 38,274,612 Common Shares were issued and outstanding, each such Common Share carrying the right to one vote on a ballot at the Meeting.

The Shareholders of record at the close of business on the Record Date are entitled to vote their Shares at the Meeting on the basis of one vote for each Share held, except to the extent that:

- a) such person transfers his Shares after the Record Date; and
- b) the transferee of those Shares produces properly endorsed share certificates or otherwise establishes his ownership to the Shares and makes a demand to the Registrar and Transfer Agent, not later than 10 days before the Meeting, that his or her name be included on the Shareholders' list.

The Bylaws of the Corporation provide that at least 2 individuals present and representing in person or by proxy not less than 10% of the total number of Shares entitled to be voted at a meeting of Shareholders constitute a quorum for the Meeting.

To the knowledge of the Directors or executive officers of the Corporation, there are no persons or companies who, beneficially own, directly or indirectly, or exercise control or direction over, voting securities carrying more than 10% of the voting rights attached to all issued and outstanding securities of the Corporation other than as follows:

Management is responsible for establishing and maintaining those controls, procedures and processes and the Audit Committee is appointed by the Board to review and monitor them.

While the Audit Committee shall have the responsibilities and powers set forth in this charter, it shall not be the duty of the Audit Committee to determine whether the Corporation's financial statements are complete, accurate, or in accordance with generally accepted accounting principles or to conduct audits. At least one member of the Audit Committee should be financially sophisticated in that he or she has past employment experience in finance or accounting, requisite professional certification in accounting or other comparable experience or background which results in the individual's sophistication. This individual must have the ability to analyze and interpret a full set of financial statements including the attached notes, in accordance with Canadian generally accepted accounting principles.

The Chairman of the Audit Committee shall be appointed by the Board and the Chairman shall preside at all meetings of the Audit Committee and shall have a second and deciding vote in the event of a tie. If the Chairman is absent from a meeting, then the remaining members of the Audit Committee shall appoint one of their members to act as Chairman.

Subject to the requirements of this charter, the time(s), place and processes for calling meetings of the Audit Committee and the procedures at such meetings shall be determined by the Audit Committee.

Schedule B

Corporate Governance Disclosure

Unless otherwise stated herein, all capitalized terms herein shall have the meaning set forth in the Glossary of Terms.

The Corporation strives to uphold high standards of corporate governance which meet, or exceed, the applicable rules adopted by the Canadian Securities Administrators.

Board of Directors

Director Independence

The determination of independence of a Director is made by the Board and the Nominating and Corporate Governance Committee. A Director is independent if it is determined that the Director has no material relationship with the Corporation or any affiliates or the external auditors of the Corporation, either directly or indirectly, or as a partner, shareholder or officer of an entity that has a relationship with the Corporation.

Out of the current Board of seven directors, five of the directors are independent. The following two directors are not independent: Dr. Timourian and Mr. Savage. Out of the Board which is nominated to be elected, five of the directors are independent. The same directors named above are not independent.

Dr. Timourian and Alan Savage are not considered independent because Dr. Timourian is the President, Chief Executive Officer and Secretary of the Corporation and Alan Savage is the Chief Financial Officer.

The Board fulfills its mandate directly and through its committees at regularly scheduled meetings and at additional meetings as required, at which a majority of the directors are present. Frequency of meetings may be increased and the nature of the agenda items may be changed depending upon the state of the Corporation's affairs and in light of the opportunities or risks which the Corporation faces. Each director is expected to attend the Board meetings and meetings of committees on which they serve although there is no official attendance policy for these meetings. The Board receives no cash compensation for attendance at these meetings. Management evaluations, various matters of general concern, financing, third party engagements and various scientific and corporate development visions and planning are typically discussed at Board meetings. To the extent that it is necessary, the results of these discussions are communicated to management.

None of the directors are presently a director of any other issuer that is a reporting issuer (or the equivalent) in a domestic or foreign jurisdiction other than as follows:

Name	Company
Alan Savage	Pacgen Life Science Corporation
David S. Tam	Regent Pacific Properties Inc.

Board Mandate

The Board has adopted the following written mandate:

The Board of Directors has responsibility for the overall stewardship for the Corporation, establishing the overall policies and standards for the Corporation in the operation of its business, and reviewing and approving the strategic plans. In addition, the Board monitors and assesses overall performance and progress in meeting the Corporation's goals. Day to day management is the responsibility of the Chief Executive Officer, President and senior management. To this end, the Board has adopted the following guidelines that identify the personal and professional conduct expected of the Directors and its corporate governance responsibilities.

The Board discharges its responsibilities directly through its committees, the Audit Committee, the Nominating and Corporate Governance Committee, the Compensation Committee, and the Environmental and Safety

Committee. In addition to the Board's primary roles of overseeing the affairs of the Corporation, principal duties include, but are not limited to the following categories:

1. The majority of the Board and all of its committee members, with the exception of the Environmental and Safety Committee and Corporate Governance Committee, will be independent.
2. All directors will act in the best interest of the Corporation and will put the interests of the Corporation ahead of any single stakeholder, shareholder or group.
3. The Board will supervise management, not manage the business day-to-day.
4. The Board has the responsibility for approving the appointment of the Chief Executive Officer and any other officers of the Corporation, and approving the compensation of the Chief Executive Officer and management of the Corporation following a review from the Compensation Committee.
5. The Board will be responsible for reviewing, discussing and debating Innovotech's direction, choice of business opportunities and the management of the risk which these opportunities entail.
6. The Board will ensure that there are objectives for management and with its committees will regularly review performance against these objectives.
7. The Board will ensure there are plans for the orderly succession of management and that these plans are kept up to date.
8. The Board will ensure that Innovotech communicates openly and effectively with its shareholders, other stakeholders and the public.
9. The Board will approve operating and capital budgets and ensure that Innovotech has effective control and information systems to enable it to monitor progress and discharge all of its responsibilities.
10. The Board will appoint and oversee the committees it requires and ensure Innovotech reports on corporate governance in each annual report.
11. The Board is responsible for monitoring the performance and training of Management with respect to the operations of the Corporation.
12. The Board will assess each year the size, performance, and effectiveness of the Board, its committees and its members and nominate new director candidates as required, based on recommendations from the Nominating and Corporate Governance Committee.

The Board of Directors intends to review its mandate on an annual basis. This review is initiated and conducted by the Nominating and Corporate Governance Committee. The Board assists management as requested regarding specific operational matters and assists management in establishing operational and financial development, goals and objectives. Board approval is required for any major operational or financial initiative. Expectations of management by the Board include standard best efforts and ethical conduct, timely reporting, timely preparation of documents and reports in preparation for meetings, competent fiscal and regulatory management.

Position Descriptions

Chairman of the Board and Chairman of the individual committees

The Board has developed written position guidelines for the Chairman of the Board but not specifically for the chairs of each Board committee.

Chief Executive Officer

As Chief Executive Officer, Dr. Timourian's employment contract provides the following responsibilities: (a) supervision and implementation of strategies to raise capital; (b) supervision and implementation of a plan to commercialize the Employer's technology, including but not restricted to the commencement, continuation and completion of clinical trials; (c) supervision and implementation of sales and marketing strategies for existing and new products; (d) supervision of development and implementation of communication and public relations strategies; (e) identification, development and implementation of new products, new business development strategies and opportunities; (f) supervision of all planning and budgeting processes and planning; (g) supervision and direction of the Chief Financial Officer and other designated employees in hiring, supervising, and training of all staff and administration of all personnel, including the development of personnel policies and procedures and salary administration; (h) dismissing personnel as required; (i) supervision and direction of production processes and all production labs and facilities; (j) direction and supervision of all financial matters of the Corporation including financial reporting to the Board; (k) providing advice and input to the Board and ensuring that the Corporation's policies, procedures and programs related to its business are compatible with all aspects of effective operations; (l) such other functions as may be necessarily related to the foregoing and such additional duties and functions as Dr. Timourian and the Corporation shall, from time to time, agree upon; and (m) initiating, supervising and managing all scientific and technological endeavours of the Corporation. The Chief Executive Officer reports directly to the Board.

The responsibilities and performance goals of the Chief Executive Officer, in addition to the contractual responsibilities described above, are set annually between the Board and the Chief Executive Officer and reviewed for monitoring purposes at least quarterly by the Compensation Committee and as needed by the Nominating and Corporate Governance Committee. Since a portion of the Chief Executive Officer's annual remuneration is dependent on meeting performance goals and objectives, a detailed analysis of the Chief Executive Officer's performance in meeting these goals and objectives is conducted annually by the Compensation Committee.

Orientation and Continuing Education

New directors will be given an orientation program which includes an information package, initial and subsequent meetings with management and the Chairman of the Board, tours of the Corporation's facilities and material on the Corporation's science and potential products.

Any Director wishing to attend a continuing education course identifies to the Chairman the desire to attend such a course. The Chairman then approves or disapproves the request.

Ethical Business Conduct

The Board has adopted a written Code of Business Conduct and Ethics for the directors, officers and employees of the Corporation.

The Board is responsible for setting the standards of business conduct contained in the Code of Business Conduct and Ethics and for updating the standards as it deems appropriate to reflect changes in the legal and regulatory framework applicable to the Corporation, the business practices in the Corporation's industry, the Corporation's own business practices, and the prevailing ethical standards of the communities in which the Corporation operates. While the Chief Executive Officer of the Corporation oversees the procedures designed to implement the Code of Business Conduct and Ethics to ensure that they are operating effectively, it is the individual responsibility of each director, officer and employee to comply with the Code of Business Conduct and Ethics. Those who violate the Code of Business Conduct and Ethics will be subject to disciplinary action.

If a conflict arises at a Board meeting, the affected Director declares the conflict and refrains from discussion or voting on the matter in question. Conflict of interest guidelines are observed concerning transactions and agreements in respect of which a director or executive officer has a material interest.

A "whistleblower" policy has been adopted by the Board.

Nomination of Directors

The Nominating and Corporate Governance Committee is comprised of Dr. Timourian, Mr. Grobbelaar and Mr. Tam. The members of the Nominating and Corporate Governance Committee are not all independent directors because Dr. Timourian is the President and Chief Executive Officer of the Corporation. The Nominating and Corporate Governance Committee adopted a charter in February 2006.

Pursuant to its charter, the Nominating and Corporate Governance Committee takes responsibility for establishing and reviewing the Corporation's system of corporate governance and its response to and compliance with any applicable regulatory guidelines. It is also responsible for preparing disclosure concerning corporate governance, and for developing and monitoring our general approach to corporate governance issues as they arise. Further, it assumes responsibility for assessing current members and nominating new members to the Board and ensuring that all Board members are informed of and are aware of their duties and responsibilities as directors. The Nominating and Corporate Governance Committee takes responsibility for the adoption of adequate policies and procedures to allow the Corporation to meet our continuous disclosure requirements, manage the Corporation's principal risks, review the strategic plan on a timely basis, develop and monitor corporate policies relating to trading in securities, ensuring the Board annually reviews organizational structure and succession planning, reviews areas of potential personal liability of directors and ensures reasonable protective measures are in place and causes the Board to annually review its definition of an independent director. The Nominating and Corporate Governance Committee met as needed for the year ended 2019 and communicated informally from time to time.

The Board expects new directors to abide by the same standards and time commitments described above for all other directors.

The last date on which a new director was appointed was July 19, 2019. The Board does not keep a formal list of potential directors. If the directors decided that they needed a new director they would develop such a list. The core competencies of any new director would be determined by the Board on a case by case basis depending on which existing Board member was to be replaced or what perceived area of expertise needed to be addressed. Any time a potential new director is considered for nomination to the Board, that person would be interviewed by selected members of the Nominating and Corporate Governance Committee and possibly other directors to determine suitability regarding qualifications, commitment and time devotion. A consensual decision would be made. The current Board number of 6 persons is satisfactory for decision making processes.

Compensation

The Board appointed a Compensation Committee in April 2007. The current members of the Compensation Committee are Dr. Tertzakian (Chair) and Mr. Savage. Dr. Tertzakian is an independent director; however, Mr. Savage is not an independent director because he is the Chief Financial Officer of the Corporation. Compensation for all positions is determined in accordance with merit and industry standards.

The Compensation Committee adopted a charter in February 2006. Under its charter, the Compensation Committee is responsible for reviewing management prepared policies and recommending to the Board on compensation policies and guidelines for senior officers and management personnel, corporate benefits, incentive plans, evaluation of the performance and compensation of the Chief Executive Officer and other senior management, compensation level for members of the Board of Directors and committee members, a succession plan for the Chief Executive Officer and key employees and any material changes in human resources policy, procedure, remuneration and benefits.

The Compensation Committee advises the Board on the administration of the Option Plan, and reviews and approves the recommendations of senior management relating to the annual salaries, bonuses and stock option grants of the executive officers. The Compensation Committee reports to the Board, which in turn gives final approval to compensation matters.

Under the direction of the Compensation Committee, the Board is committed to the fundamental principles of pay for performance, improved shareholder returns and external competitiveness in the design, development and administration of its compensation programs. The Compensation Committee recognizes the need to attract and retain

a stable and focused leadership with the capability to manage the Corporation's operations, finances and assets. As appropriate, the Compensation Committee recognizes and rewards exceptional individual contributions with highly competitive compensation. The major elements of our executive compensation program are salary, annual cash incentives and long-term incentives, through the granting of stock options.

In connection with determining base salaries, the Board maintains an administrative framework of job levels into which positions are assigned based on internal comparability and external market data. Because of a lean organizational structure and potential growth in the international arena, the Compensation Committee's goal is to provide base salaries, for its top performing employees, that are competitive with our peers and which also recognize the differentials from such peers.

The Board believes that employees should have a stake in our future and that their interest should be aligned with the interest of our stockholders. To this end, the Compensation Committee selects those executives and key employees whose decisions and actions can most directly impact business results to participate in the Option Plan. Under the Option Plan, officers, consultants, and key employees who are selected to participate are eligible to receive stock options that are granted subject to a vesting period determined by us and approved by the Board to create a long-term incentive to increase shareholder value. Awards of stock options are supplementary to the cash incentive plan and are intended to increase the pay-at-risk component for officers and key employees.

The Corporation has employment agreements or remuneration arrangements with all of its executive officers. Each agreement or arrangement provides for salary, benefits, bonuses and incentive stock option grants for the executive officer and for compensation if employment is terminated.

The Compensation Committee meets as needed and communicates frequently amongst themselves as required.

The Compensation Committee reviews and approves corporate goals relevant to CEO compensation and decides if CEO compensation is based on that review. The Compensation Committee recommends to the board non-CEO officer and director compensation, incentive compensation plans and equity based plans. The committee reviews executive compensation disclosure before it is publicly disclosed. Compensation is reviewed annually for all senior executive officers. There is no minimum security ownership requirement for officers and directors. See Directors and Officers Compensation in the Information Circular.

Other Board Committees

In addition to the Audit Committee, Nominating and Corporate Governance Committee, and Compensation Committee, the Board has an Environmental and Safety Committee that was formed in November 2006 and amended in April 2007. The current members of the Environmental and Safety Committee consist of Dr. Gerard Tertzakian, Dr. James Timourian and Dr. Amin Omar. Under its charter the Environmental and Safety Committee reviews, provides oversight of and monitors our environmental, health and safety policies, practices and actions; reviews, provides oversight of and monitors the social, political, and environmental trends, issues and concerns at the legislative, regulatory and judicial levels as they affect the Corporation and the industry, along with our positions and responses with respect thereto. It will also receive reports on the nature and extent of compliance or any non-compliance with relevant policies, standards and applicable legislation and will develop plans to correct deficiencies, if any. It reports to the Board on the status of such matters and reviews such other environmental matters as the Environmental and Safety Committee may consider suitable or the Board may specifically direct.

The Environmental and Safety Committee met as needed for the year ended 2019 and communicated informally from time to time.

PART 2 - STOCK OPTION PLAN

2.1 Participation

Options shall be granted only to Eligible Participants.

2.2 Determination of Option Recipients

The Board, or the President, if duly authorized by the Board, shall make all necessary or desirable determinations regarding the granting of Options to Eligible Participants and may take into consideration the present and potential contributions of a particular Eligible Participant to the success of the Corporation and any other factors which it may deem proper and relevant.

2.3 Price

The exercise price per Share shall be determined from time to time by the Board but, in any event, shall not be lower than the lowest exercise price permitted by any Exchange, if applicable.

Options granted to Insiders or with a discounted exercise price will be legended with an Exchange four (4) month hold period where and as applicable, and any Shares issued under the Options that are exercised prior to the expiry of the hold period will be legended commencing on the date the Options were granted.

Disinterested Shareholder approval will be obtained for any reduction in the exercise price if the Optionee is an insider of the Corporation at the time of the proposed amendment to reduce the exercise price.

2.4 Grant of Options

The Board, or the President, if duly authorized by the Board, may at any time authorize the granting of Options to Eligible Participants as it may select for the number of Shares that it shall designate, subject to the provisions of the Plan. The Board, or the President, if duly authorized by the Board, at its or his discretion, may grant options on such terms and conditions as it or he considers appropriate provided that such terms and conditions are not inconsistent with the Plan and the policies of the Exchange, if applicable.

Each Option granted to an Eligible Participant shall be evidenced by an Option Agreement with terms and conditions consistent with the Plan and as approved by the Board or the President if duly authorized (which terms and conditions need not be the same in each case and may be changed from time to time).

2.5 Terms of Options and Vesting

The Option Period shall be of such length as is determined by the Board but in any event shall not be greater than a period of ten (10) years after the date such Option is granted and may be reduced with respect to any such Option as provided in Section 2.8 hereof.

Subject to the other terms and conditions of this Plan, Options shall have such equitable vesting provisions as determined by the Board from time to time, provided that Options granted to Optionees who perform Investor Relations Activities must vest in stages over twelve (12) months with no more than one-quarter (1/4) of the options vesting in any three (3) month period.

Any Options remaining unexercised after they became eligible for exercise may be exercised in whole or in part at any time during the remainder of the Option Period.

Except as set forth in Section 2.8 hereof, no Option may be exercised unless the Options have been vested and the Optionee is at the time of such exercise a bona fide Eligible Participant.

No Option may be granted to an Eligible Employee, Eligible Consultant or an Eligible Management Company Employee unless such person is a bona fide Eligible Employee, Eligible Consultant or an Eligible Management Company Employee.

The exercise of any Option will be contingent upon receipt by the Corporation of payment of the full purchase price for the Shares being purchased in cash or in some other manner acceptable to the Corporation and in compliance with applicable laws. No Optionee or his legal representatives, legatees or distributees will be, or will be deemed to be, a holder of any Shares subject to an Option, unless and until certificates for such Shares are issued to him or them under the terms of the Plan.

2.6 Lapsed Option

If Options are surrendered, terminated or expire without being exercised in whole or in part, new Options may be granted covering the Shares not purchased under such lapsed Options to the extent permitted by the Exchange, if applicable.

2.7 Black-Out Period

If the Corporation self-imposes a blackout period (i.e., preceding the release of financial results) preventing an Optionee from exercising his/her Options before the end of the Option Period, the Option Period shall automatically be extended for ten (10) days following the last day of a blackout period.

2.8 Effect of Termination of Employment or Death

- 2.8.1 If an Optionee shall die while an Eligible Employee, Eligible Director, Eligible Consultant (if an individual), Eligible Member of Management or Eligible Management Company Employee, any vested Option held by him at the date of death shall be exercisable, but only by the person or persons to whom the Optionee's rights under the Option shall pass by the Optionee's will or the laws of descent and distribution. All such Options shall be exercisable only for a period of one (1) year after the date of death or prior to the expiration of the Option Period in respect thereof, whichever is sooner.
- 2.8.2 If an Optionee ceased to be an Eligible Participant for cause, no Option held by such Optionee may be exercised following the date on which such Optionee ceases to be an Eligible Participant.
- 2.8.3. If the Eligible Participant is an Eligible Director, then any vested Options held by such director may be exercised until the end of the Option Period in accordance with the Option Agreement entered into with the Eligible Director.
- 2.8.4 If an Optionee who is an Eligible Consultant ceased to be retained by the Corporation by virtue of a breach of the consulting agreement, no Option held by such Eligible Consultant may be exercised following such breach.

2.9 Effect of Takeover Bid

If a bona fide offer:

- (a) is made to all shareholders of the Corporation for the Shares, which offer, if accepted in whole or part, would result in the offeror exercising control over the Corporation within the meaning of the Securities Act (Alberta);
- (b) is made for all or substantially all of the assets of the Corporation (as such concept is interpreted under the Business Corporations Act (Alberta)); or
- (c) is made for a proposed transaction which a majority of the Board determines is reasonably likely to have a similar effect as either of the transactions referred to in Sections 2.9(a) or (b) hereof,

(collectively, the "Offer"),

then the Corporation shall, immediately upon receipt of notice of the Offer, notify each Optionee currently holding an Option of the Offer, with full particulars thereof; whereupon, notwithstanding that such Option may not be fully vested at such time in accordance with Section 2.5 hereof, such Option may be exercised in whole or in part by the Optionee so as to permit the Optionee to tender or to vote, as applicable, the Shares received upon such exercise (the "Optioned Shares") pursuant to the Offer. If:

- 2.9.1 the Offer is withdrawn by the offeror;
- 2.9.2 the Optionee does not tender the Optioned Shares pursuant to the Offer, if applicable;
- 2.9.3 all of the Optioned Shares tendered by the Optionee pursuant to the Offer are not taken up and paid for by the offeror in respect thereof, if applicable; or
- 2.9.4 the sale or reorganization does not close in accordance with its terms,

then the Optioned Shares or, in the case of Section 2.9.3 hereof, the Optioned Shares that are not taken up and paid for, shall be returned by the Optionee to the Corporation and reinstated as authorized but unissued Shares and the terms of the Option as set forth in Section 2.5 hereof shall again apply to the Option. If any Optioned Shares are returned to the Corporation under this Section, the Corporation shall refund the exercise price to the Optionee for such Optioned Shares. In no event shall the Optionee be entitled to sell the Optioned Shares otherwise than pursuant to the Offer (in the case of an Offer pursuant to Section 2.9(a) hereof) or to sell the Optioned Shares prior to the closing of any transaction (in the case of an Offer pursuant to Section 2.9(b) or (c) hereof).

2.10 Effect of Amalgamation, Consolidation or Merger
